## SUPERIOR GENERAL TO ALL THE MISSIONARIES OF ST. FRANCIS DE SALES

**My dear Confreres:**

Fraternal greetings! Happy Feast and Prayerful Wishes to you as we celebrate our Founder's day! Let me reflect with you on the spirit and vision of our General Chapter 2019 as we celebrate Founder's Day.

### **1. RELIVING THE GENERAL CHAPTER EXPERIENCE**

- Seven months after the General Chapter 2019, I invite us all to relive the experience of the Chapter to commit ourselves to work with fidelity to the call of the Chapter. The entire Congregation has, by now, been oriented to the call of the General Chapter to wake up and live up to the basics of our MSFS way of life. What now remains is its spirit, directives, and reflections as reproduced in the Call of the General Chapter. What remains for us are the challenges to be accepted and the path to be walked.
- During the General Chapter, we seriously reflected upon a monitored follow up to the call of the Chapter. Our reflections convinced us that the General Chapter is and should continue to be a significant grace for the Congregation. The Chapter has reminded us to move forward in and through our community life, lived in a disciplined Physical Local Community, for our mission to become greater signs of communion. Each MSFS should explore deeply the richness of his call to be a Fransalian in his Local Community.
- The General Chapter also reminded us that the proper way of living religious life requires a disciplined community life. There must be norms, directives, and conditions for observing the discipline in the spirit of our evangelical counsels. As Pope Paul VI reminds us: *The principal task of the General Chapter is, as time goes on, to keep intact those norms of the Religious family, which were set up by its Founder and Lawgiver. Therefore, it is your responsibility to firmly shut the door against all those modes of conduct which gradually devitalize the strength of religious discipline, namely, practices which are dangerous to religious life, unnecessary dispensations, and privileges not properly approved. (Pope Paul VI, 23 May 1964).*

### **2. FOLLOW UP TO THE GENERAL CHAPTER**

Let me request all our Local Superiors and Provincial Superiors to monitor consistently and specifically the implementation of the following directives and decisions of the General Chapter 2019 from October 2019 through October 2020.

## **OUR FOCUS FOR NEXT ONE YEAR**

### **COMMUNITY LIFE**

- a) *Strengthening our community life by participation in daily community prayer, Eucharistic celebration, Eucharistic adoration, the common meal, monthly recollections, and annual retreats*
- b) *Ensuring disciplined and healthy communities with Local Superiors and the community members remaining accountable to each other regarding their duties and responsibilities to the community*

### **MISSION**

- a) *Promoting the Cause of our Founder and share in his spirit of mission and pray for his beatification and canonization*
- b) *Making efforts to promote the establishment, animation, and Formation of Fransalian Associates at least two units in every Province*
- c) *Ensuring that all newly ordained priests will serve in our missions as part of their pastoral formation for a minimum of two years, under the guidance of a senior MSFS confrere*
- d) *Promote and engage the Parish Mission Preaching Teams with a specific focus on mission preaching in the model of Father Mermier*

### **FORMATION**

- a) *Implementing the newly introduced Graded Integral Formation program and providing our seminarians at all stages with mission awareness and exposure programs to missions and ministries of the Congregation*
- b) *Ensuring that all our Formators get opportunities for training themselves for formation with a specific program in Psychology, Counseling, and Spiritual direction*

### **EDUCATION**

- a) *Creating a Catholic culture and ambiance in our schools and colleges and ensuring that Managers/Correspondents/Principals of our Schools and Colleges will involve in the educational apostolate in a greater way by way of teaching, spending time with School community of Staff and Students*
- b) *Strengthening the Alumni Associations by the annual meeting of the Alumni and establishing a student wing of Friends of Fransalians in all our educational institutions*

### **SOCIAL APOSTOLATE AND INNOVATIVE MINISTRIES**

- a) *Prioritizing specialized ministries in the social apostolate, media and communication, youth ministry and training confreres for these ministries*
- b) *Strengthening the Province level units of the Mission Development Office and extending its service to the social apostolate and innovative ministries*

### **STEWARDSHIP**

- a) *Implementing Financial Accountability System for Transparency (FAST) with a realistic approach*

### **3. COMMITMENT OF THE GENERAL ADMINISTRATION TO THE IMPLEMENTATION - MECHANISMS OF THE DECISIONS OF GENERAL CHAPTER 2019**

- During the next six years, we (General Administration) want to be as close as possible to each one of you in implementing the spirit and experience of the XX General Chapter. We shall work in a spirit of teamwork and collegiality, meaning that the role of those in Administration (whether Province level or Congregation level) is not to represent any Province/Region/Mission/Secretariat but to channel the missionary energies and human resources so as to guarantee, as best as we can, the overall growth and welfare of the Congregation.
- In our day-to-day functioning, as General Curia, we will give a special place to mutual trust, accurate reporting of implementation, and active listening with respect for one another. We will integrate the dimensions of prayer, Eucharistic adoration, the spirituality of St. Francis de Sales, and missionary dynamism of Father Mermier, sharing responsibilities, and arriving at decisions through consensus. We request the Provincials and Superiors of Delegations and Missions to reflect the implementation of the decisions of the Chapter and its challenges in the Circulars.
- In response to the expectations of the members of the General Chapter, the General Administration will seek to give a new thrust on implementing the directives and decisions of the Chapter. During the visitation of the Superior General, the Assistant Superior General, and visit of the General Secretaries and General Bursar to the Provinces, we will provide animation and guidance to the confreres and the Provincial Curia. Visitation is one of the finest opportunities for the animation of the Province/Delegation/Mission/Local Community by the members of the General Curia. As the Provincial has a huge responsibility to shoulder, we will listen to him not only in his leadership role but also as a brother and offer individual attention to each confrere.
- We will study the possibility of opening new missions in mission territories and peripheries of the society where implantation of the Congregation and possibilities of vocation promotion are feasible. We will work on renewing the missionary spirit of the Congregation with its primordial apostolate of Parish Mission Preaching, inviting every confrere to present the Charism of the Congregation to the universal Church in the spirit of the XX General Chapter.
- We will soon initiate the process of preparing the entire Congregation to study and prepare “proposals for voting” on juridical matters (cf. Call of the General Chapter, pp. 35 – 38) for amendments in the Constitutions and General Directory. We will also appoint an Expert Commission for Juridical matters and another Expert Commission to educate the entire Congregation on the spirit of our Constitutions, Founder, Charism, and History and legacy of the Congregation.

### **4. SHARPEN YOUR SPIRITUAL RADAR FOR A HEALTHY COMMUNITY LIFE**

- During the General Chapter, we experienced that the spiritual radar on community life was often on high alert by way of interventions and proposals. *“The General Chapter, the supreme legislative and teaching authority in the Congregation, reiterates the collective conviction of the confreres that it is a*

*joy to be an MSFS, and firmly resolves to strengthen our community life and existing ministries”.* Our MSFS Charism calls us to live the spirit and spirituality of St. Francis de Sales in our community and mission.

- For Fr. Mermier, religious life is communion with others in community and community life is indispensable for a religious. He always longed to be a religious for the reason that he was convinced of community life as a means to progress in personal sanctification and dedication to the mission. He wrote to Mother Claudine: *Devotion consists, not in the number of external practices, such as long devotional exercises, attendance at Mass, at instructions, frequent communion, etc.. These are good. But they are not devotion. It is not a religious life. True devotion is Charity.*
- For Pope Francis, community life is the first and most believable Gospel we can preach. *Someone who is not capable of community life is not fit for the religious life. ... Even in the best families, some members go through a rough time. Community conflicts are necessary: we cannot dream of a community or any human group, which is free of conflicts, and we must tolerate them not by eliminating or ignoring them but by facing them (Pope Francis).*
- We read that the first band of missionaries at La Roche resided as a religious community striving to create a tradition in keeping with the spirit and spirituality of St. Francis de Sales. Fr. Mermier writes: *Community is where the religious spirit should reign, where all the members are so many brothers, where we tend towards the same goal, where we employ the same means, where perfect harmony reigns, where the prayer of the Divine Saviour is accomplished —That they may be one like us! [Let. to Fr. Jean Thevenet, 14-06-1848]*

## **5. YEAR OF FRANSALIAN ASSOCIATES**

We have already constituted units of Fransalian Associates in our Provinces. Some units are actively functioning with frequent gatherings and study of the works of St. Francis de Sales. It is encouraging to note the deep interest of our Associates to partner with us in our missionary and spiritual journey.

On July 18, 2017, we published the Guidelines for Fransalian Associates. These guidelines provide inputs on the Identity of a Fransalian Associate, Membership, Formation, Apostolic Commitment, and Organization and Administration of the units. Formation of the Associates with a program is important to prepare those who are called to make their formal consecration as Associates. Focusing on the formation program for the Associates, with the consent of the General Council,

### **I AM GLAD TO DECLARE THE YEAR 2020 AS THE YEAR OF FRANSALIAN ASSOCIATES**

*Beginning from January 24, 2020, through January 23, 2021, we will celebrate the gift of Fransalian Associates to us. During this year of Fransalian Associates, we will:*

- *Initiate formation program for the Associates in preparation for their consecration (those who aspire to consecrate themselves)*
- *Study St. Francis de Sales and his spirituality for daily living*
- *Living our call to holiness with the help of the Spiritual Directory and spirituality of St. Francis de Sales*

### A MISSIONARY WHOSE LIFE REVOLVED AROUND THE EUCHARIST

*Blindness deprived Fr. Mermier of the comfort of celebrating Holy Mass (during the last two years of his life). ... He resigned himself, and went to the communion each day. Fr. Gaidon writes: "Always the first at the spiritual exercises made in common, Father Mermier continued to get up at 4 in the morning. He attended two masses every day. Generally with a smile on his lips, he presented a serene and radiant face to everyone"*

*- (Fr. Duval, Monsieur Mermier – 276)*

**Wishing you a very Happy Feast of our Founder!**

**Live Jesus!**
